Discover why this is the perfect time to Invest in India

India has the conditions in place for an economic boom fuelled by offshoring, investment in manufacturing, the energy transition and the country's advanced digital infrastructure. These drivers suggest that **India will be the world's third-largest economy and stock market by the end of the decade.**

Join **India Partnership Journey** and see for yourself why it is worth contemplating India as the world looks for alternatives to China.

What is the India Partnership Journey ?

India Partnership Journey is a unique event to take you beyond and provide a deeper look at exploring India's potential. This is an insightful insider's journey specially designed by our highly connected Indian team. If you are in a leadership position at a European or other foreign company or an investor contemplating new developments or a shift of portfolio toward India, this is an opportunity not to be missed.

Participants will greatly enhance their understanding of India today and make outstanding Indian connections:
